

ALA Issues Caucus meeting overview

Suggested procedure for the issues caucus:

1. Meet quarterly with Jenny's webside chats. During these meetings, have an open forum for discussions of issues. Issues can be brought up from ALA councilor from the ALA Council, the MLA board, or the MLA membership. Summaries of issues will be supplied, and potential resolutions will be prepared.
2. At the MLA Annual conference, the ALA Councilor will provide drafts of issues and resolutions to the divisions for discussion. The divisions will provide any feedback to the ALA Councilor. At the membership meeting the ALA councilor will provide a summary of the issues to the membership, and facilitate the voting for the resolutions.

The ALA Councilor will provide the passed resolutions to the ALA council for reference. The issue summaries and resolutions will also be provided to Jenny and John for the annual legislative day in D.C.

Matt will contact the MLA webmaster about a new page on the site for the Issues caucuses. On that page, we can provide summaries of the issues and resolutions, and links to more information and recordings of the webinars.
